# Numbers 1 to 20

In this book, your child reviews numbers 1 to 10 and is introduced to numbers 11 to 20. The number concepts will get your child ready for addition and subtraction.

## **What to Do**

Read the directions on each page with your child. Then have your child complete the activities. Review them together. Praise your child for a job well done!

## **Keep On Going!**

Go on a nature walk with your child. Have him or her collect items, such as rocks, leaves, flowers, shells, pine cones and other objects you see along the way. At home, have your child group the same objects together and count them. Ask which group has the most and which has the least.

Count the dots in the boxes. Then color the matching number word in the picture.
